2 Set-up Diagram

K21A Series

3 Monitor Set-up

1. If it is necessary, clean the front surface of the display by using clean, compressed air or by using only a clean, dry, soft cloth.
2. Connect the video and power cables.
3. Read the set-up diagram section prior to powering up the computer.
4. Connect the computer to the Touch Interface .
5. Power on the computer.
6. There is no driver required for Windows 7, VISTA, XP, 2000, ME or 98. For other operating systems please go to www.touchrev.com to check availability and to download drivers.

The test results show that this device meets the FCC rules. Those limits are set to protect residential areas from the devices with harmful emission. This device will produce, use and radiate radio frequency energy. In addition, failure to follow the user's manual to install or use this device might produce harmful interference with radio communication. Notwithstanding the foregoing, it does not guarantee that this type of harmful interference does not occur in some special installations. The interference caused by this device to the reception of radio or television signals may be verified by turning it on and off. Any changes or modifications to this TFT LCD would void the user's authority to operate this device.

Important Recycle Instruction -

(Hg) LCD lamps inside this product may contain mercury.

This product may contain other electronic waste that can be hazardous if not disposed of properly. Recycle or dispose in accordance with local, state, or federal Laws. For more information, contact the Electronic Industries Alliance at WWW.EIAE.ORG. For lamp specific disposal information check WWW.LAMPRECYCLE.ORG.

External power supplies applicable:

1. Lite-On/PA-1051-0
2. FSP/FSP050-DBAB1
